Fees & Government Charges	\$70.61	\$7.06	\$77.67

THIS IS NOT AN INVOICE - NO PAYMENT IS REQUIRED

Please give this document to your Accountant or Tax Agent to assist in the preparation of your FBT Return.

This document summarises your Motorpass Invoices for the FBT year and may assist in the preparation of your FBT return. The above figures do not necessarily show all purchases incurred up until 28 February 2008, and may include purchases from a previous taxation period, depending when sales information was received from the merchant by Motorpass. The Taxation Commissioner has ruled that where each vehicle has its own Motorpass Card, the Motorpass monthly invoice will be all that is required to be retained by Motorpass account holders to substantiate goods and services purchased through the Motorpass system. Motorpass FBT ASSIST is made available to you on the understanding that it is not tax advice but rather a service to help you comply with FBT legislation. It is provided in good faith, based on information supplied by you to Motorpass. You should seek professional advice before acting on the information contained in any Motorpass FBT documents.
